## WHEAT PRICES FORCED DOWN

HEAVY NORTHWEST RECEIPTS TOO MUCH FOR THE BULLS.

Firmness and an Advance at Liverpool Not Sufficient to Stem the Tide-Course Grains and Provisions Lower.

CHICAGO, Sept. 10.-Big Northwestern receipts proved too much for the bulls in wheat to-day and prices were forced downward. September closed Ic lower and December declined %@lc. Corn lost %c. Oats are 1/4 lower. Pork left off 21/2 lower, but lard gained 25c and ribs 25c 25c. 21/2c lower each and ribs gained 21/2@5c.

An easier feeling at the start was caused by the very heavy receipts of wheat in the Northwest. A break of 1½ ca bushel in the price of cash wheat at Duluth, which be-came known here about half an hour after the opening, converted the easier opening tone into one of positive weakness. Liverpool was firm at %d advance for September and %d for December. Chicago received 192 cars against 250 expected. Minneapolis and Duluth receipts were 1,129 as compared with pool was firm at 5,d advance for September and 5,46 for December. Chicago precived 15.

and 5,46 for December. Chicago precived 15.

cars against 750 expected. Minneapolis and Duluth receipts were 1.173 as compared with 120,000 bushels in 1895, 302,000 bushels, compared with 120,000 bushels a primary Western markets was 1.254,000 bushels, compared with 1.251,000 bushels, against 250 expected for the day were equal in wheat and flour to 425,000 bushels, about the time the news of the 1½c break was received from Duluth a recess of the board here was taken to view the procession of returning Chicago volunteers. The fluctuations of December wheat from opening to time of adjournment were: Opining trades ½c lower to ½c higher at from £1½c to £252,000 and then rapidly to the receipts and the rapidly to the receipts and the cold weather bulls were much disappointed. There was liberal selling of long corn bought yesterday and the pit crowd was generally bearish. Traders were clapsed to sell on a declining market, and were week in sympathy with the other grains. May began unchanged to ½c up at £352,000 conduction to 1252,000 but prices were generally for the colors of the second of the colors of the second of the colors of the colors of the second of the colors of the second of the colors of the second of the colors of

Exporters took at New York Friday 250,000 bushels of wheat to arrive. 280,000 bushels of corn, 120,000 bushels of corn at 250,000 bushels of rye; sino 150,000 bushels of sets and 155,000 bushels of rye; sino 150,000 bushels of wheat and 240,000 bushels of corn at outports.

The Liverpool Corn Trade News estimates the world's wheat crop, 2,423,000,000 bushels, arzinst 2,104,000,000 bushels last year, and the world's wheat stocks 112,000,000 bushels, against 155,000,000 bushels

stocks 112,000,000 bushels, against 168,000,000 bushels a year ago.

There were frosts in the Northwest Friday night, but not any in the corn states, though the weather everywhere is quite cool. There is still a chance of frost in Kansas, Missouri and Iowa. Light showers are predicted.

Testerday's clearances for export at the four Atlantito ports were 198,843 bushels of wheat, 48,000 packages of flour, 285,000 bushels of orm and 102,610 bushels of outs. Total wheat and flour clearances amount to 887,000 bushels.

Exports of Indian corn from the United States the

to 487,000 bushels.

Exports of Indian corn from the United States the past week amounted to 3,563,359 bushels, against 1,661,700 bushels the previous week, 4,943,000 bushels in 1897, 2,665,000 bushels in 1896, 849,960 bushels in 1895 and 70,000 bushels in 1896.

packer brought a general improvement in prices later on. The declines in the end were small in pork and lard, while ribs gained a trifle. December pork opened 75c lower at 25.50, and advanced to 38.55, the closing price. December lard began unchanged at 44.90, off to 44.875, firmed up to 44.95, then reacted to 34.935, sellers at the close. October ribs started 25695c lower at 50.755 and improved to 35.55, the closing price.

Estimated receipts for Monday—Wheat, 250 cars; corn, 600 cars; cats, 325 cars; hogs.

LOCAL GRAIN MARKET.

Stocks and Bonds.

Stocks and Bonds.

NEW YORK, Sept. 10.—The stock market opened higher to-day under the impetus of better prices for Americans in London. The London advance was apparently manipulated from this side, for the rise here was met by quite heavy offerings in continuation of the liquidation of the last few days, forced by the calling of loans. The extent of this liquidation is reflected in the contraction of \$8.718,799 in loans shown by the weekly statement of the clearing house banks. Northern Pacific preferred and New York Central showed the largest gains in the railroad list, the latter on short covering. The advance in Central was lost, but Northern Pacific preferred beid persistently firm in the reaction after the opening. The reaction at the opening invited some buying, especially in St. Paul, which railled nearly a point on the traffic statement for the first week in September, showing an increase over last year's upprecedented high level of \$166,772. The industrials came more late notice in the second hour, and especially Tobacco, which showed a violent recovery from yesterday's weakness, recovering 7 points on forced covering of shorts.

The news which caused the advance was not forth-

NEW YORK, Sept. 19.—COFFEE—Options opened steady at unchanged prices to a decline of 5 points; ruled inactive and rather weak under disappointing European and Brazillian advices, apathy of spot buyers and absence of speculation; selling checked by amail receipts at Rio and Santos, which also led to some covering later; closed barely steady, unchanged to 5 points lower. Sales, 13,000 bags, including September, 6-40c; December, 6-70c. Spot coffee, Rio, dull and sominal; No. 7 involve, 6-5c; No. 7, jobbing, 6-5c. Mild, quiet; Cordova, Sellec, SUGAR—Raw, strong; fair refining, 8-13-166354c; Cartriugal, 95 test, 4-5c; molasses, 3-8-166354c; centrifugal, 95 test, 4-5c; cut loaf, 5-16-16c; crushed, 5-15-16c; powdered, 5-5c; carulated, 5-5c; cut loaf, 5-16-16c; crushed, 5-15-16c; powdered, 5-5c; crushed, 5-15-16c; powdered, 5-5c; carulated, 5-5c; cut loaf, 5-16-16c; crushed, 5-15-16c; powdered, 5-5c; cut loaf, 5-16-16c; powdered, 5-5c; cut loaf, 5-16c; powdered, 5-5c; powdered, 5 Coffee and Sugar.

NEW YORK, Sept. 10.—The week has shown a transition in the character of the operations in the dry goods market. During the suitry heat of the early part of the week, and influenced by the occurrence of a holiday, the market was languid. Since rence of a holiday, the market was languid. Since Thurshay there has been a noticeable improvement in the temper of both buyers and sellers. The former are more ilberal in their operations, and the latter display more vim in the prosecution of business. Print cloths have maintained a firm position all the week. At the close they are quoted on a basis of 2 1-16c for earn sixty-four squares, with everything later than spot deliveries hard to obtain. Odd goods are also very firm. Woolen and worsted goods have been very quiet during the week. Sellers have grown very pessimistic of the situation.

Flour.

NEW YORK, Sept. 10.—FLOUR—Receipts, 27,778 barrels; exports, 21,036 barrels. Dull, but fairly steady. CHICAGO, Sept. 10.—FLOUR—Receipts, 12,100 barrels; shipments, 6,800 barrels. Steady.  NEW YORK, Sept. 10.—Exports, 506 cattle and 2,634

 quarters of beef.
 CATTLE-Movements the past 24 hours:

The run yesterday was light, even for Saturday

Drive-outs 7.009

The run yesterday was light, even for Saturday, and quality only fair. Packers were all out in the yards and wanted hogs, but in sympathy with alight declines east of us and the fact that it was the last day of the week caused them to squeeze prices a little. But at a decline of 25400c they cleared the pens of all fresh arrivals, and some of the holdovers were disposed of, and there was a fair finish. Extreme range, \$2.009.3.80; bulk of sales, \$3.5593.75, against \$3.7092.80 Priday.

Drive-outs 4.168
The offerings yesterday were fair, but mostly holdovers. Few fresh arrivals in. Buyers got to work
early and did very good trading in small lots, and
Priday's prices were fully sustained, both of killing
and feeding sheep and lambs, and the finish saw but
few offerings unsold.

LARD—Cash, 14.75.

**AVERAGES IN CORN AND WHEAT** The September Report of the Yields of Both Grains Promises

Well.

WASHINGTON, Sept. 10.—The September report of the statistician of the department of agriculture hows the following average conditions on Septemthe statistician of the department of agriculture shows the following average conditions on September 1:

Corn. \$4.1; wheat, \$6.7; cats, 79.0; barley, 79.2; 79c. \$5.4; buckwheat, \$5.8; potations, 77.7.

The decline in the average condition of corn during August was 2.9 points and the condition on the first instant was 4.8 points higher than on September 1, 1876, 6.9 points lower than the mean of the September averages of the last ten years. There was a marked decline during August in several of the principal corn producing states, the decline amounting to 10 points in lows, 9 points in Kamas and 22 points in Nebraska. On the other hand, twentyone states with an average annual production of nearly 1,009,000,050 bushels show a more or less improvement of 3 points in Ohio, 9 in Indiana, 8 in Illinois and 2 in Missouri.

The condition of wheat-86.7—18 1 point higher than on September 1, 1897, 12.1 points higher than on September 1, 1895, and 5.1 points above the mean of the September averages of the last ten years. In accordance with its practice, the department has not yet made any quantative estimate of the wheat crop and will not do so until it completes its revision of the wheat areage, which shows some increase over the preliminary figures.

The average condition of oats was 79.0, against 84.6 on September 1, 1897, 74 on September 1, 1896, and September average of last ten years of 80.

The average condition of barley was 72.2, as compared with 86.4 on September 1, 1897, and a September 1, 1896, and ready in the server of the last ten years of 54.8.

The average indicate a corn crop of 1,900,000,000 bushels of wheat. These figures may be enlarged after the revision of the accreage is made and are undoubtedly too small. The American Agriculturiat, after a careful investigation, says the wheat yield will be near 700,600,000 bushels, a discrepancy of 100,000,000 bushels.

Movement of Wheat. Receipts of wheat at winter and spring grain mar-

kets for ten weeks, July 1 to September 5, with com-parisons, in bushels, compiled by the Cincinnat Price Current:

and Superstitious Ideas About Disease. From the New York Press. A city doctor who has a regular practice among the Poles at East Buffalo, declares that they are still as full of Old World sup-

erstitions in regard to the treatment of disease as they were during the dark ages. He thinks that most of them would never employ a regular physician if any one else employ a regular physician if any one else could give a death certificate. "I know of a case," said he, "where a father was directed to tear the clothes off his child without losing a button in order to cure it of an attack of pleurisy. Somehow, the child recovered, but a second child that was treated in the same way died.

"There was an old woman who drove a thriving business by going about and touching the sick and then saying a prayer backward. The people give her 50 cents for this service, but they would never pay a regular doctor for anything if they could help it. A common treatment for croup is

a regular doctor for anything if they could help it. A common treatment for croup is to tie a girl's stocking around a boy's neck and a boy's stocking around a girl's neck. "If a person is very ill the family take a bottle of wine and throw it up into the nir. If it does not break in three trials the patient is going to die, so the practice is to take a very thin bottle.

"When a widow is anxious to marry again she gets up after midnight, goes to the middle window of her church, and then walks home backward. This will bring her a husband inside of six months. If the anxious one is a young girl, she takes a

anxious one is a young girl, she takes a black cat on St. John's night, June 24, and black cat on St. John's might, June 24, and throws it backward over the house. If the animal goes clean over, the man is sure to make his appearance very soon. It is sup-posed that she tries to throw the cat in the opposite direction if she is really anxious. Otherwise she would be sure to miss.
"Of course, there is a money finding

charm. A man who has lost some cash takes a coin that has been blessed, buries it in his woodshed and covers it with tar. The money will be found right away."

SUCCESS OF THE DIPPING VATS AT MAMMOTH SPRINGS.

Texas Fever Problem Is Probably Solved-Wyoming Ranges in Splend.d Condition-Many Cattle

Fed in Kansas.

Missouri, with the ald of the United States bureau of animal industry, promises to solve the Texas fever question. The lipping vats for cattle just completed near Mammoth Springs, on the southern line of the state, have got to work. Colonel Albert Dean says since last Thursday, when they started up, they have dipped 20 cattle, and after a close inspection by Dr. R. P. Sted-dom, of the bureau of animal industry, have been admitted in Missouri and Illi-nois free from molestation, either for grazing or slaughter. These cattle are be-ing watched, and if no harm comes from them the solution of the Texas fever prob-lem is at hand.

"The ranges of Wyoming were never finer than this year," said Colonel Jesse Evans, who was at the yards yesterday. "I have just heen over most of the state and never saw the grass look finer and cattle fatter, and they will go into the winter in first-class condition. But the number of cattle on the range, however, is shorter than last year, and ranchmen are stocking up slowly, on account of the high price of young cattle."

S. H. Francis, of Sumner county, Kas., who has been on a visit to his old home in Indiana, was at the yards yesterday. He says times are pretty good in his county. Corn will make an average crop and there is plenty of roughness, and the indications are that there will be as many cattle fed there this season as last. The usual number of hogs in farmers' hands and fairly healthy.

"Yes, I am just back from Cowley and Elk counties, Kansas," said C. D. Russell yesterday. "I found corn and grass good and there is a world of roughness; and fully as many cattle promise to be fed as last season. Plenty of young hogs and healthy."

SAN BERNARDINO. CAL. Sept 10.—
News has been received from Rock Springs that Texas fever has broken out with great virulence among the cattle on the Mojave river. The supervisors have ordered the county veterinary surgeon to visit the locality and after a thorough investigation make a report.

It is said that the disease was brought from the coast countles.

Visitors at the Yards With Stock.

J. Neal arrived with hogs yesterday from Lawrence, Kas. G. A. Harris, Cuba, Kas., had hogs at the yards yesterday. G. L. Keithley was in with hogs yester-day from Cabool, Mo. G. O. Wallace came in with hogs yester-day from Cameron, Mo. B. L. Wilson was here yesterday with hogs from Atlanta, Kas. I. S. Byers came down with hogs yes-terday from Aurora, Neb. Campbell & Horton, Caldwell, Kas., wers here yesterday with hogs. Fox & Hayes, Fairplay, Mo., were in the city yesterday with sheep.

L. A. Champlin, Phillipsburg, Kas., was n the city yesterday with hogs.

Chesty & Funk, Nickerson, Kas., were here yesterday with hogs and cattle. NEW LUGGAGE FOR MEN.

A Hat Case for Holding Four Hats and Cases for Shoes on Trees.

The newest thing in men's traveling hat boxes is one made to carry four hats. The old and common style of leather hat box with flaring sides, made to carry a silk hat, has long been familiar, as has also become what may be described as the twostory hat box, made to carry a derby as

story hat box, made to carry a derby as well as a sik hat by adding a narrow, straight sided section rising above the flaring part of the box. There is also a hat box made for silk hats that is square-cube-shaped.

The four-hat box, made to carry a silk hat, a fedora, a derby and a straw hat, is in the form of a deep dress suit case, and fitted with two bowls, as the hat holders are called, one to hold the silk hat and the fedora, and the other the derby and the straw; the bowls are removable so that on occasion this case may be used for the purpose of a suit case or to carry shirts in. Men's trunks have long been made with suitable apartments for shoes, and there are made also soleleather cases for traveling use designed especially for the carrying ing use designed especially for the carrying of the traveler's boots and shoes only. There are now made sole leather cases itted to carry shoes on trees. These are

made in two sizes, a four-pair case and an eight-pair.

The dress suit case, long since popularly established in use for the purpose of a traveling bag as well as for that which its name implies, was early taken up as a traveling bag by women also. There are now made dress suit cases of lighter weight, having a lighter frame and made of lighter leather, that are especially designed for women. signed for women.
